You can send your message to:

- **Everyone:** Your message will be broadcast to all team members
- To team members associated with a **Virtual Bay** only, or;
- To a specific **user** currently logged in to LiveDesk (in which case only the selected user will be able to view your message)

Require users to acknowledge  
 Require users to check a box confirming they read

**MESSAGE BROADCAST**

If the 'Require Users to Acknowledge has NOT been selected, the user receiving this message can simply dismiss this message by selecting ok at the bottom right hand side of this broadcast....

OK

Require users to acknowledge  
 Require users to check a box confirming they read

**MESSAGE BROADCAST**

If the 'Require Users to Acknowledge HAS been selected, the user receiving this message is required to check the checkbox to the bottom left hand side of this broadcast message before they are able to remove the message by clicking on ok in the bottom right

I confirm having read and understood the message above.

OK
